## Step One: Module

Upon acceptance to the VSW-CP the first step is to start an online module. You can start them in any order. Completion of each module unlocks a different step of the certificate.

- Animal Assisted Interventions
- Compassion Fatigue and Conflict Management
- The Link Between Human and Animal Violence
- Animal Related Grief and Bereavement

After starting the modules, there are five different steps that a participant can choose from. These five activities all have different prerequisites. Participants can choose to complete each option one at a time, or they can work on any of them at the same time. All steps below must be completed before moving on to the final step.
